***DETAILED ACTION***

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as following:

In the claim, claim 11, line 1, delete "any of" before "claim".

The above noted amendment has been added in order to clarify claim invention for expediting a process of the application in an allowable condition.

***Reasons For Allowance***

1. Claims 1-22 are allowed.
2. The statement of reasons for allowance of claims 1-7 has been provided in the previous action sent February 25, 2008.
3. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose NAND elements arranged in a series connection in microfabricating electrons in a field mission device as required in claim 4.

4. The remaining dependent claims are allowable for at least above reason. None of cited/record prior arts stands alone or combination with others discloses all limitation required in claim invention.

***Remarks***

Amendment after final filed April 16, 2008 has been entered.

***Correspondence***

Any comments considered necessarily by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
